REMTECH EXPO

REMTECH Europe

DESCRIPTION

RemTech Europe, International Conference and Exhibition on land and water remediation markets and technologies, is scheduled for 18, 19, 20 September 2019 in the beautiful town of Ferrara, between Bologna and Venice (in the North East of Italy).

It is promoted by European Commission's Joint Research Centre (JRC) and RemTech Expo, the most important permanent event on remediation technologies (www.remtechexpo.com).

The aim of the Conference is to share information on knowledge, innovation and case histories, to encourage the development of remediation processes and the application of new and sustainable technologies and bring together suppliers and problem owners of available services and technologies. RemTech Europe also provides a platform for discussion between stakeholders.

The conference highlights, by involving the leading European stakeholders, nine main topics as well as some areas of challenge. The agenda is rich and is designed to promote the sharing of knowledge and intercommunication between all relevant parties. It involves all leading European stakeholders.

The annual RemTech Europe conference will take a snapshot of the European market and the development trends. Participation is **free of charge**.

HOW TO ARRIVE

From Bologna Airport BLQ www.bologna-airport.it, you may take people mover and train, 4,75€-1h www.trenitalia.com/en.html, a direct bus, 15€-50min www.ferrarabusandfly.it/en/, taxi, 45€-30min.
